EAA VINTAGE CHAPTER 37

March, 2017

### President's Corner

By: Sebastian Baumgardner

*Hopefully this latest winter blast will be the last we see this year. I've heard a lot of you are getting restless for good flying weather and I completely agree.*

*Soon we will be back in full swing of our chapter activities. Fly-ins and get-togethers will be here before you know it. Young Eagles events are only a little over a month away. April starts the first of the Vintage work weekends at Oshkosh. So hang in there a little longer and we will be busy again before you know it.*

*This month we will have a presentation from Swift Fuels. This should be an interesting presentation. Swift has presented to us in the past when they were in the earlier stages of their business. This presentation will be an update on what they have been doing and how they have been progressing. I hope we have a great turn out and that everyone can get their questions answered.*

*Also coming up, in April we will have a presentation on the progress of the Airmail Museum proposed at Smith Field Airport. We have some good presentations coming up - hope to see everyone there.*

*I would like to thank everyone who attended the banquet. It's always nice to sit down and enjoy a meal amongst friends. St. James always treats us great and the food is always good. This has always been a well-attended event.*

*Be getting ready for the flying season and Hope to see everyone at the next chapter meeting on Wednesday, Mar 22! ~ Sebastian*

## Young Eagles

Please mark your calendar with the following dates for the Young Eagles rallies at KGWB.

- May 6
- June 3
- August 26

Your support and participation are important! Thank you!

### UPCOMING VAA Work Weekends at OSHKOSH

Plans are starting to fall into place. This first weekend, April 21-23, we want to build the new Charging Station. The building is 16 feet by 12 feet with an eight foot deep porch on the front. It will be built on skids so it can be moved.

The new Charging Station will go where the old Charging Station was. It will be turned about 45 degrees and closer to the Conference Room of the Hangar.

We also want to install a new ceiling in the Author's Building.

We need your help. If you can help we will have housing for you and lunch and supper Friday and Saturday. We will start work at about 8:30 on Friday and Saturday.

I need to know who is coming up and if you need a place to stay.

The 2<sup>nd</sup> and 3<sup>rd</sup> work weekends are May 19-21 and June 23-25.

Thanks for your support!

Mike Blombach  
Chairman of Maintenance and Construction  
260-433-5101
