### *President's Corner*

*Sebastian Baumgardner*

*I hope everyone is enjoying this wonderful flying weather. Fall is always a great time of year for spectacular scenery.*

*I would like to say how amazed I was by all the donations we received through Fritz Martin's memorial. I think Fritz would be very proud of this as well.*

*Our annual Chili Fest is coming up on Sunday, October 22. More details will follow in our newsletter for October. Save the date and plan to join us for a fun fall get-together at the Hangar!*

*I would also like to thank everyone for their continued support of our monthly breakfasts. Last month donations were some of the best we've had. Our next pancake breakfast is this coming Saturday, September 23.*

*Our Fall Airport Cleanup Day is scheduled for Saturday, October 14, starting at 10am. Our spring cleanup day worked out very well with a good turnout. Please support our Chapter and our Airport in this important task. Thank you!*

*The hard work and dedication by our volunteers is the key to our success. We are very fortunate to have such dedicated members. We are able to accomplish many things because of everyone's passion for the organization.*

*Our next chapter meeting is Wednesday, September 27, at the Hangar.*

*Our chapter sent Alan Resler to the Air Academy Basic Camp in June of this year. He had a wonderful and memorable time. He wants to go back to the Advanced Camp when he's old enough. Below is a thank you letter from Alan.*

*Thank you to all who helped make this year a success!*

Dear VAA Chapter 37,

I would like to thank you for giving me this opportunity to attend EAA Air Academy. This has been an experience I will never forget in my life.

I was able to learn a lot of different things while at this camp. I learnt a lot about building and constructing airplanes. I also got to learn about how an airplane flies and the regulations. We even learned about drone regulations.

We got to build many things like Air compressed rockets, rocketry capsuls, wing ribs, balsa wood glider, and instrument cases. We got a plane ride and also a heli-copter ride. We had plenty of freetime and time to eat. We visited the museum and got to go beyond the barriers of the exhibits.

My favorite time was going in the shop and building our projects. We got to build many projects. It was super fun.

Again, I would like to thank you for the opportunity you gave me. I will never forget the experience I had at camp.
